

Mayor's Monthly Message

June 2022

The Stirling Fire Department has begun offering first aid & CPR classes to the community as well as corporate clients. Fully certified instructors will provide Canadian Red Cross approved training and help you with that potentially life saving qualification. Wouldn't you rather know what to do in case of a medical emergency? You will also save money compared to other first aid offerings in the region and be helping to support our local fire department at the same time. Follow the Stirling Fire Department on Facebook or drop by the Firehall to find out more.

First Aid/CPR/AED Level C

Council extends appreciation to a number of community volunteers who have stepped forward to join the Tourism & Economic Development Committee. Councillors Gary Bikman and Devynn Bohn will be joined by residents Evan Barr, Scott Barton, Ron Bore, Sandra Nelson and Josh Shockey as they work to develop ideas and strategies to better support local economic growth. You can also learn more about the Village's membership in several economic development programs on the website here: <https://stirling.ca/economic-development>. In addition, the Village already offers interest free loans for both home-based and store front businesses through Community Futures. More information on the business loan program can be found here: <https://stirling.ca/business/community-futures-business-loans>.

This month Council also approved third and final reading for a new Campground Bylaw. The bylaw formalizes existing rules and policies for use of the campground and provides the Ridge Regional Public Safety Service with new tools to help enforce the rules when necessary to ensure a safe, quiet and enjoyable campground experience for all visitors.

Many great family-friendly activities are planned as part of our Annual Settler Days festivities from Thursday, July 14th through Saturday, July 16th. Mark your calendars! More details to follow on the Village website shortly.
